

Adventist ACE— preparing our young people for the future through providing quality faith-based college courses now

Dual enrollment has been proven to improve students' performance in college. Unless Adventist students live near an Adventist college or university, or attend an academy where AP or college courses are offered, they have no options for dual enrollment in a faith-based setting. Adventist ACE gives all qualifying students a chance to experience college-level courses while in high school by providing quality, faith-based online courses through Adventist colleges and universities. What could be better?

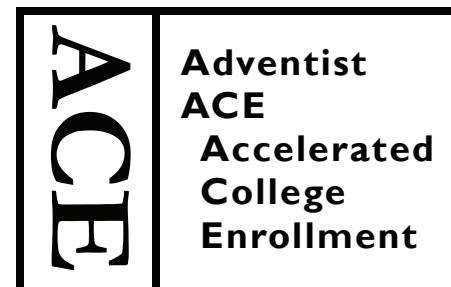

Technology can enable Adventist students to enroll in faith-based courses to stretch their minds and help prepare them for success in college.

Adventist ACE provides faith-based dual enrollment through online learning

High school juniors and seniors are signing up for college courses at local colleges across the nation in ever increasing numbers. Chances are that some students that attend your academy either have taken or will take dual enrollment courses.

But where will be the integration of faith and learning in these courses?

Adventist ACE—Accelerated College Enrollment—is here to bring a quality dual enrollment program through on-line learning to students who desire to take faith-based, Adventist college level courses while continuing their education at their local day academy, boarding academy, public school, or home school.

Who is Eligible?

Students entering their junior year of high school with a GPA of 3.5 or higher, and students entering their senior year of high school with a GPA of 3.0 or higher are eligible to enroll in ACE courses.

How do Students Sign Up?

- 1) Submit the application form found at <http://www.Adventistedu.org/ACE>.
- 2) Submit transcripts, letter of permission from parents, and a recommendation from the academy/high school (either guidance counselor or principal) to ACE Coordinator (ACE@Adventistedu.org)
